Garland Encyclopedia of World Music Online is a leading academic resource containing music research of "all the world's peoples". Each of the 10 volumes gives an overview of a geographic region; a survey of the region's musical heritage, traditions and themes; and a description of its musical genres, practices, and performances. Detailed photographs show musicians, musical instruments, and the cultural context of dances, rituals, and ceremonies.

Advanced Search allows you to enter keywords in different fields:
