Top tips for Library Search

Quick study guide

**Sign in**
To request books from other campuses, renew loans and use the e-Shelf

**All resources**
Search all resources, then refine results after your search is completed

**AND**
Join words using AND to find resources with BOTH search terms
"social media" AND politics

**OR**
Join words using OR to find resources with EITHER OR BOTH search terms
internet OR web

**Truncation**
Use an asterisk (*) at the end of part of a word to find word variations:
web* finds website, webpage, world wide web, etc.

**Phrase search**
Use double quotation marks to find phrases:
"digital research" "online delivery"

**Refine results**
After searching, use the "refine results" options to focus your selections to:
resource type: books, journals, multimedia, etc.
campus location or online resources
publication date, topic, language

**View it, Get it**
Access our growing collection of online and print resources by choosing either:
View it - for online resources
Get it - to get the call number for a physical item

**Virtual Browse**
Use Virtual Browse to highlight books on the shelf in call number order, making it easy to find more relevant books
