Getting to Know the Library

**LG**

**Lower Ground**

How many private study rooms are there on the Lower Ground?

**Ground Level**

Find the Research & Learning Point and write down the services available to you.

Go to the Information Point and find a map of the library.

How many print stations are there in the library? Look for the 📰 icon.

**L1**

**Level 1**

There is a lot of interesting art all over the library, find the Kelp necklace and take a photo of it.

Level 1 is where you can find the library's unique collections, one of which is the music collection. Take a photo with the music display.

**GEN**

**General Collection**

Use your device or a library computer to search for the book:

Once you have located the call number, find the book in the general collection. Tip: Use the floor guide at the south elevators to work out on which floor the book will be located.

How many copies of the 8th edition are on the shelf?

How many are available for 7 day loan?

How many for overnight loan?

Take a photo of the book on the shelf.

Once you have completed these activities, post your pictures together with answers to the following questions to the MCD6140 forum in Moodle:

What do you think is the most important thing you learnt about the library today? Why do you think that?

Where do you think you will spend most of your time in the library? Why?
